

# 29er

## 2021 Zhik 29er World Championship

### What to Expect in 2021

**UPDATE #1**  
**20<sup>TH</sup> MAY 2021**

The 29er Class and Sailing Aarhus are committed to providing complete information about the World Championship prior to requiring payment from our sailors. Travel regulations and COVID protocols are changing rapidly as vaccines become more widely available and the European Union revises its travel regulations. We anticipate receiving updated information regarding travel and COVID protocols in the coming week. In the meantime, we ask sailors, coaches, parents and NCAs to make note of the following:

**Entry deadlines: the deadline for early entry payment is extended to 4<sup>th</sup> June 2021.** We will post updated information about expected travel and COVID protocols well in advance of the deadline so sailors and their families can make informed decisions about attending the World Championship before making payment.

**Entry restrictions: entry will be capped at 200 boats.** Teams who have entered the regatta will be released from the waiting list in the order they entered. Teams remaining on the waiting list will be offered entry if places become available.

We will release teams from the waiting list and request payment when we post updated information about expected travel and COVID protocols. We currently anticipate posting this information the week of 24<sup>th</sup> May and ask for patience as we respond to a rapidly changing situation.
